About New-Tech Magazines Group

'New-Tech Magazines' A world leader in publishing high-tech and electronics, producing top quality publications read by 80,000 professionals from all over the world especially from Europe. Innovative electronics, IoT, microwave, homeland security, aerospace, automotive, embedded, electro-optics, test & measurement and technological industries.

Our specialized target audiences prefer **New-Tech Europe** because they know that our publications are a rich and reliable source of the latest information in their respective fields. Our multidimensional editorials, news items, interviews and feature articles provide them with a full, well-rounded picture of the markets in which they operate - an essential asset for every technological leader striving to stay ahead, make the right decisions, and generate the next global innovation.

Moreover, as an attractive platform for advertisers from around the world, **New-Tech Europe** has become a hub for bustling international commercial activity. Here, through ads and other promotional materials, all readers obtain crucial information about developers and manufacturers worldwide, finding the tools, instruments, systems and components they need to facilitate their innovative endeavors.

Targeting the needs of both the global and european industries and global advertisers, **New-Tech Magazines Group** constantly expands and upgrades its services. Over the years, the company has been able to formulate a remarkably effective, multi-medium mix of offerings, combining magazine publications with useful online activities, newsletters and special events and exhibitions.

New-Tech Magazines Group was founded in 2008 by Mr. Tomer Gur-Arie, based on 25 years of experience in journalism & advertising, with a special focus on hi-tech & electronics. The company's mission is to create and continuously update a powerful professional showcase for technological innovations, products and companies, targeting the dynamic hi-tech industry.

New-Tech Europe Web-Site

Read To Lead

The image features three computer monitors arranged in a row, each displaying the New-Tech Europe website. The monitors are white with black bezels and are set against a white background. The website layout is consistent across all three screens, showing a red header with the 'New-Tech Europe' logo, a navigation bar, and various content blocks including news articles, social media links, and promotional banners. A large red rectangle is superimposed over the middle monitor, containing the website's URL.
